HSMAI Region Europe Board of Directors

The Board of Directors of HSMAI Region Europe is responsible for guiding and providing input for the strategic direction of the association. HSMAI Region Europe has multiple units and leadership groups including expert community, Advisory Boards and Councils, and special task forces.

The board meets face to face two times a year for a full day. In addition we plan one digital board meeting. Each board member is expected to attend all meetings and actively engage in a minimum of one committee, task force or Advisory Board during their term. Board members or board member companies are responsible for the costs of attending the meetings.

The European board will have 19 seats. The Executive Committee will also be elected out of these 19 board members. The HSMAI Europe Nomination Committee is responsible for the slate of candidates. A minimum of sixty percent of the board members must be working directly in the hotel and hospitality industry.
